MODEL **FT1**

SPORT UTILITY,  
SAY HELLO TO  
RELIABILITY

## ENGINEERED TO TAKE ON THE REAL WORLD.

A powerful wheelchair attachment, designed for the explorer inside.

Freedom Trax boasts an industry leading travel range paired with on-demand power and efficiency to become the ultimate off-roader. Sporting a 24-Volt Lithium Battery, all of our FT models will take you farther through gravel and grit, sand and shore, mud and muck, snow and slush - we could go on, but you see where we're going.

Make every day a beach day or a snow day. With Freedom Trax your world will open up, and we promise you will want to take the scenic route more than ever before.

---

## A TRUE TRAILBLAZER STANDS OUT.

Sometimes getting there feels like half the battle. With Freedom Trax, it doesn't need to be. The FT1 is for those who are bold, restless, and choose not to stop at the sight of even the toughest terrain. We warmly welcome all trailblazers, pathfinders, and explorers.

**5 MILES  
AND COUNTING**

**INDUSTRY-LEADING  
OPERATING RANGE**

Our mission is to make the world accessible, but it's also our promise. We set out to eliminate barriers so wheelchairs know no borders. We believe it's an undertaking just as bold as our customers. Forget about leaving stones unturned, with Freedom Trax you will be gliding above them.

## THE TERRAIN PASSPORT

Your Trax will begin where the paved path ends. Rugged terrain will be your invitation to challenge what is possible with the freedom to break new ground.

## THE RIGHT FIT

The FT1 is customized to fit virtually any wheelchair providing the easiest mount/dismount method in the industry. Among all off-road solutions on the market, our models are best equipped to enhance your existing setup without compromise.

## THE WHEREWITHAL-CHAIR

Built like no other device, our FT models were born from an endless sense of adventure. FT1 is engineered to handle most any surface only attempting to match the strength and fortitude of our clients.

Seek the road less traveled.
